WEDNESDAY, JULY 6. 1888.

FOR CONGRESS.

We are authorized to announce Hon. Jas. B. McCreary, of Madison County, has been elected to Congress from the 12th district of Kentucky, to represent the Democratic party, and will be seated in the 51st Congress.

We are authorized to announce J. B. Thompson, of Madison County, has been elected to Congress from the 12th district of Kentucky, to represent the Democratic party for Representative.

CALL FOR MASS CONVENTION TO SELECT
DELEGATES TO CONGRESSIONAL
CONVENTION.

Pursuant to the action of the Democratic Committee of the Eighth Congressional District of Kentucky at the meeting held at Louisville, Ky., on the 1st day of June, 1888, the Democrats of Madison county are requested to meet in the Court House in Richmond, Ky., at 2 o'clock p.m. standard time, on Saturday, 9th day of July, 1888, to select delegates to attend the Democratic District Convention of the Eighth Congressional District of Kentucky, to be held at Danville, Ky., at 2 o'clock, p.m., on Saturday, 12th day of July, 1888, to select a Democratic nominee for the office of Congressman for the Eighth Congressional District of Kentucky to be voted for at the regular November election, 1888.

JNO. B. CHENAULT, Chairman,
Madison County Dem. Com.

LET all Democrats attend the county convention at the Court House on Saturday, 9th day of July, 1888, to select delegates to attend the Democratic District Convention of the Eighth Congressional District of Kentucky to be held at Danville, Ky., at 2 o'clock, p.m., on Saturday, 12th day of July, 1888, to select a Democratic nominee for the office of Congressman for the Eighth Congressional District of Kentucky to be voted for at the regular November election.

Hon. Jas. B. McCreary for Congress.

Once more we repeat, that the action of the Press Committee of the National Convention of the Democratic party, W. P. Watson, of the Stanford Journal, is a hard master to choose between friends of the same household, but the national press stands by the Madison County man from the beginning. When Mr. Watson does take a notion to sing a man's praises, he is a great singer. To his efforts and to Lee's election great applause and the speech was well received throughout.

If Gov. McCreary wins the nomination at Danville on the 12th, he will owe much of his success to the efforts of Mr. Watson, of the W. P. Watson, of the Stanford Journal. It is a hard master to choose between friends of the same household, but the national press stands by the Madison County man from the beginning. When Mr. Watson does take a notion to sing a man's praises, he is a great singer. To his efforts and to Lee's election great applause and the speech was well received throughout.

The Centennial Anniversary of Richmond and the Fourth of July were jointly celebrated here at the College by a patriotic address by Hon. Jas. B. McCreary. He spoke about forty minutes and in his address, in addition to his references to the early struggles for Independence, the war of 1812, in which the U. S. was beaten, the support given to England, the Mexican War, and finally the war with Spain, which is drawing to a glorious close for American arms. He spoke of the great service to his country, Lee and Lee's election great applause and the speech was well received throughout.

The Court of Appeals through Judge Paynter affirmed the decision of Judge Campbell of the Circuit Court in the case of the State vs. The Legion. The bill was enacted into a law the Boston bill, taking from the hands of the State Sinking Fund Committee the management of the trust funds, thus putting them in charge of three commissioners selected by the Legislature. The law, which ended control over the Government acts, was enacted on the ground that it was unconstitutional, in that it legimated men out of office to manage the trust funds, but the entire assuming executive rights not allowed to it by the decision, Judge Paynter, Hazzard, Lewis and White, Democrats, affirming, Judges Barnes

and DuRell, Republicans, dissenting.

Mr. DuRell, Rep., responded, placing himself on the side of Senator George, Governor Bradley, Auditor Stone, Auditor General Taylor, Secretary Finney and Treasurer Long, are our friends and we are not going to be beaten by the legislative committee.

PROFESSOR MINIER CALLED HOME.

A DISTINCT LOSS TO OUR CITY—OUR EXCELLENT BAND A MONUMENT TO HIS ABILITY.

The busy men of our city, the society element absorbed in the gayeties of life, and that class of people who care not what a day may bring forth, may yet have realized that our community has sustained a loss which time may heal but never recompenses us for. 'Would seem that some mighty man did before such words were justifiable. But not so; 'tis our duty to the living and the dead, and to so do as to attempt to voice the sentiment of a portion of our citizenship which has labored long and faithfully to provide for our whole people an organization once a source of usefulness and pride. Professor Minier has departed for his Kansas home!

PROFESSOR F. S. MINIER.

This amateurish comment means much, as we have already said, to all public-spirited citizens. It deprives us of the services of one of the most gifted musical-directors in this country, who is at once an able performer, a conscientious and efficient teacher, and a well-bred gentleman, elements too infrequently congevered in the same music director. Professor Minier's fine qualities and the splendid success of his training of our band, merit the highest praise, and we feel that we but feebly voice the high estimate in which our honored director is held in this community by all those who appreciate true merit and are willing to bestow its reward.

An unusual tribute of regard on the part of the members of the band was evidenced when Professor Minier left our city, when the band turned out at 5 o'clock in the morning, serenaded Professor Minier and escorted him to the train, playing many of the high-class selections they had learned under his instruction.

Professor Minier has had a remarkable career in music. He is an artist by birth and education. A 12 years of age he was leader of a band of 15 young musicians who were published, as he was singing solo tenor in the May Festival Chorus with Professor Peters of Chicago University, Frederick Archer, of the Queen's Palace, Loudon, and other prominent people.

Aside from music, Professor Minier achieved a little fame in art, having been awarded the gold medal from the Society of Art in Chicago, in 1892.

We cannot estimate here the services of important engagements he is filled, some of which were of the most exacting nature. His private house is a highland, Kansas, and the plans of the members of the band he organized there is a fair index of the class of people he has been accustomed to training in band music. The members of this organization have now entered upon their respective careers, as ministers, missionaries, physicians, lawyers, students at Princeton Seminary, while others entered the Banking, Commercial or Professional branches. He was born in Inguland, Kansas, a University town founded by his grandfather General John Bayard Smith. His portrait was exhibited in the World's Fair, and he was one of the most prominent and influential promoters of education and morals in New York. Here Professor Minier was given a thorough education and upon him was conferred the degree of Bachelor of Music.

But Professor Minier was compelled to return home to look after large interests of his family there that needed his attention. We feel sure that he appreciated the kindness of our citizens, who, though naturally undemonstrative in all such matters, easily discerned and appreciated the high qualities possessed by this versatile and skilful musician, this quiet, refined and cultured gentleman.

We can but urge upon our band boys to remember the precepts and example of their master who taught them habits of sobriety, promptness, application and thoroughness. If they shall continue to pursue the course along which he so kindly tried to guide them, our city will long continue to possess the best band in Kentucky, and to remember Prof. Minier with gratitude and pride.

DESTROYED.

Adm. Sampson Annihilates Adm. Cervera's Entire Fleet.

He Entered Santiago Harbor and Demanded Cervera's Surrender.

The Spanish Admiral Refused and His Vessels Were Bombed.

All Destroyed Except One and Burning on the Beach.

The Vizcaya, Almirante Oquendo and Cristóbal Colón, and Twenty-three Torpedo Boats Were Sent to the Bottom of the Bay.

WASHINGTON, July 4.—It was reported on what is deemed to be reliable authority that Adm. Sampson's fleet Sunday engaged the fleet of Adm. Cervera in Santiago.

The following statement was Sunday given out at the white house: Gen. Shafter telegraphs from Playa del Este, July 3:

"Early this morning I sent a demand for the immediate surrender of Santiago, threatening to bombard the city. I believe the place will surrender on our terms."—Contracts, the report that Gen. Shafter has fallen back. The following dispatch was received at the war department:

PLAYA DEL ESTE, July 3.—Siboney officer confirms statement that all the Spanish fleet except one warship destroyed and burning on the beach. It was witnessed by Capt. Smith, who told operator name of its correctness. (Signed) ALLEN, Signal Officer.

The following cable dispatch was given out at the white house:

PLAYA DEL ESTE, July 3.—The destruction of Cervera's fleet is confirmed. (Signed) ALLEN.

Lieutenant Colonel Adjt. Gen. Corbin related the feelings of one of the officials when he said:

"I don't care how the fleet was destroyed. It was destroyed. That is enough for me. It is great news for the Fourth of July."

The fleet of Adm. Cervera was one of the finest in the world. The Vizcaya, the Almirante Oquendo, the Cristóbal Colón were modern armor d'crisers of the first class. The Vizcaya, which visited this country soon after the Maine was sent to Havana and was in New York when the news of the destruction of the American battleship came, had a tonnage of 13,000. The Spanish fleet was 7,000 tons displacement, 240 feet long and heavily armored, her belt armor being 12 inches in thickness and her deck armor three inches. Her armament consisted of two 11-inch 5.5-inch Honoria guns, eight 2.5-inch rapid fire guns, eight 1.4-inch field guns and two mitrailleuses. The Vizcaya was capable of 12 knots and had two turrets two smoke stacks and a ram bow. She carried six torpedo tubes, was capable of a speed of 20 knots and her complement was 500 men.

The Almirante Oquendo was in almost every respect a duplicate of the Vizcaya.

The Cristóbal Colón had a displacement of 6,400 tons and was 280 feet long. She had six-inch armor, both at the water line and at the gun position, and 1.5-inch armor on her deck. Her armament consisted of two 10-inch, two 6-inch rapid fire guns, six 4.7-inch, two 2.5-inch and ten 1.4-inch field guns and two mitrailleuses. The Cristóbal Colón was capable of 12 knots and had two turrets two smoke stacks and a ram bow. She carried six torpedo tubes, was capable of a speed of 20 knots and carried a complement of 450 men.

Of the remaining vessels of the fleet the Furor and Terror were torpedo boat destroyers and the Reina Cristina was an old vessel that was sunk a short time ago by a shell from Sampson's fleet. The Terror was not much good and was taken by the Furor. The Furor was torpedoed and sank.

Of the remaining vessels of the fleet the Furor and Terror were torpedo boat destroyers and the Reina Cristina was an old vessel that was sunk a short time ago by a shell from Sampson's fleet. The Terror was not much good and was taken by the Furor. The Furor was torpedoed and sank.
